**Friday Night April 17<sup>th</sup> Betting Information Sheet**

We have 4 Team optional bets to participate in for each day. You may choose to participate or not.

- Pari Mutuel Betting (**Total Net Score 2 Day Event**) 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup> Place Payout
- Chip-Ins
- Sandy Pars (Gross Par)
- Skins Game (Gross and Net)
- Each Team will have their own Team Betting Form

**What is our Pari Mutuel Bet?**

It's a 2-day overall event, it pays 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> places on a total **Net Score** for the tournament. Each team you place a bet on, if they Win, Place, or Show, you are a winner. The winnings depend on how many people place a bet on the team versus the total pot. For example: If there is a total pot of \$600, 1<sup>st</sup> Place Pot money would be \$300 to be split amongst the participants that bet on that team. 2<sup>nd</sup> Place Pot money would be \$180 to be split amongst the participants that placed a bet on that team. 3<sup>rd</sup> Place Pot money would be \$120 to be split amongst the participants that placed a bet on that team. So, if there were only 2 participants that picked the winner, they would split the pot and paid out \$150 per team. If 30 participants picked the winner each team would receive \$10 on their bet.

**PARI MUTUEL BET** - is 1 Team for \$10; your team may bet on as many teams as you would like.

**TEAM SKINS GAME** – There are Gross Skins and Net Skins, each skin is worth how many skins there are and how many participated in the Skins Game each day. Example: \$150 total in the pot, the pot would then be split one for Gross and one for Net. Each pot would be worth \$75 each and the skins would be distributed by the number of skins won. Say 5 gross skins would be \$15 each, net skins only had 3 winners and would be paid \$25 each winning player.

**TEAM CHIP-INS** – Is like the Skins Game, only it is a Chip-in from off the green, you will record on the scorecard by placing an X in the appropriate Chip-In Line on the scorecard and Hole it was achieved. The Pot is split by the total number of Chip-Ins.

**TEAM SANDY PARS** – Same as the other games for payouts, determined by the number of Sandy Pars (**gross score par only**) divided amongst the total pot collected for the day. You will record on the scorecard by placing an X in the appropriate Sandy Par Line on the scorecard and Hole it was achieved.

**Each bet is \$10 per tournament day, if you participate in both days the cost would be \$60 per team.**

**The Pari Mutuel bet is \$10 Per Team and you may bet as many teams as you like.**
